THE TRADITION

The Royal families of India have gone down in history for glory, epic victories, strategic annexations, and incredible opulence. Generation of dynasties have proven themselves, enough to have gold-stitched tapestries depicting their tales lining immense marble palaces and rule our history books amongst other things.

In the era of the British in India, these Royal families ruled several princely states, namely Gwalior, Rajput, Jodhpur, Mewar and so forth.

But we were interested to note that this tradition of excellence and triumph seems to continue till date too, although the 21st Century looks a little different than the era of

the royale arriving

Their ruling powers were stripped away with the gaining of independence, leaving them as nothing more than nominal heads, but these new age descendants of India's historical royal families excel in fields far away from the throne, exploring sports, activism, art, journalism and social improvement. Being king or queen is not enough for most people, but these multi talented descendants flourish. Here are their fascinating stories.

the royale mention

Their ruling powers were stripped away with the gaining of independence, reducing them to nothing more than nominal heads, but these new age descendants of India's historical royal families eschewed to fight far away from the throne, exploring sports, activism, art, journalism and social improvement. Being king or queen is time consuming enough for most people, but these multi-talented descendants flourish outside of the royal palace. Here are their fascinating stories.
