It is quite understandable why Indian designers tend to give scope to their imagination and create clothes that look interesting but are hardly wearable. They are guided by the desire to attract the public attention to their creations, but this doesn't necessarily mean that they are intended to lighten up the everyday life of lay people. Fashion colors trends are an interesting aspect of general Indian trends. It is not a rare occurrence when the whole city suddenly falls in love with a certain color. The clothes stores abound in bins of all shades and hues of this particular color.

It is quite understood that when someone develops tend to give edge to their thoughts and create clothes that look something but are really wearable. They are pushed by the desire to attract the public attention to their creations. For this reason, I personally think that they are somewhat brighten up the everyday life of the people. Fashion clothes really are an interesting aspect of general fashion trends. It is not a mere occurrence when the retailers suddenly fall to love with a certain color. The clothes were created in terms of all shades and hues of the particular color.
